Three communicating vessels - each with its own receptive center

PREPARATION

Prepare the ground

What needs to be in place for an unbiased exploration?

DISCUSSION POINTS

- **Connect**
  Make contact and tune in to one another.
- **Context**
  Reason and relevant background.
- **Signals**
  Facts, data and observations.
- **People involved**
  Who needs to hear, speak or contribute?
- **Boundaries**
  What is fixed, and what is open?

  What do we truly want to understand or set in motion?
- **Significance**
  Why does this need our attention now?

  How will we recognize real progress?

◇ **What becomes clear?**

BREAKTHROUGH QUESTION

If we solve this but nothing fundamental changes, what have we really understood?

II RECEPTIVITY

- **Conditions**
  What do we need to learn, organize, invest in, stop or add?

◇ **What becomes possible?**

BREAKTHROUGH QUESTION

What wants to become possible that our current thinking or actions do not yet allow?

III CONFIDENCE

Act clearly | Move with confidence

Key Question 3: **Is there Confidence?**

LEVERAGE CHECKS

- **Desired outcome**
  Where do we plant our flag, and what is then truly different?
- **Congruence**
  Are people, resources, decisions and behavior aligned?

  Is there enough ownership and confidence to move forward?
- **Letting go**
  What do we do wholeheartedly, and which specific outcome do we let go of?

◇ **What inspires confidence?**

BREAKTHROUGH QUESTION

What would we choose today if we had complete confidence in our Alignment?

MOMENTUM STEP

Bring alignment into motion

What follows naturally from what becomes visible?

DISCUSSION POINTS

- **Decision**
  Which direction has shared support?
- **First step**
  What happens before our next check-in?
- **Ownership**
  Who takes the lead, and who supports?
- **Signal**
  How will we see that movement is emerging?

If in doubt: return to Clarity or Receptivity.

Observe
Attune
Observe again
